Subject: The Riot! Announces An Important Survey For Self-Advocates Involved In Self-Advocacy Groups

The Riot! Announces an important survey for self-advocates involved in self-advocacy groups

[The Riot!](#) wants to hear from self-advocates around the country. They hope to use the information you give to help self-advocacy groups get bigger and stronger.

If you are a person with a disability who is involved in a self-advocacy group, please visit the survey here:

<http://www.theriotrocks.org/the-riot-self-advocacy-survey>

The answers are confidential. Individual answers will not be shared with family members, advisors, staff or others. The Riot! will use everyone's answers together to write a report about the self-advocacy movement nationwide, and will share the report with self-advocates and others.

Self-advocates are people with disabilities who speak up for themselves. If you are a self-advocate AND a member of a self-advocacy group, please fill out this survey.

[Have questions about the survey?](#)

Please contact Yoshi Kardell, HSRI at 503-924-3783 ext. 18, or ykardell@hsri.org.
